Ultracool Evaporative Cooling Pad

EC Council Directive:

2011/65/EU- Restriction of the Use of certain Hazardous Substances in Electrical & Electronic Equipment.

Model No:

7090, 6090, 5090

This certificate of conformity is based on an evaluation of the Technical Construction File & related documentation of the sample of the mentioned product; based on a voluntary test. This certificate is attested on the basis of the particular sample of the mentioned product, on a test procedure as provided during the submission of the Technical Construction File based on the presumption of compliance on the evaluation of the Technical Report and Documentation. EVL maintains a copy of the Technical Construction File submitted at the time of Certification.

The product complies with the principle production requirements of the said Directive based on a voluntary test. This attestation applies to the product sample, and its Technical Documentation provided for Testing & Certification. The detailed test results and standard(s) used as well as the operation mode are listed and verified. This is to certify that the above mentioned product sample, as is mentioned by the said / mentioned Model No is in compliance with the RoHS Directive(2011/65/EU) of the European Parliament and Commission Directive 2005/618/EC on the Restriction of the use of certain Hazardous Substances [Lead(Pb), Cadmium(Cd), Hexavalent Chromium(Cr 6+), Polybrominated biphenyls (PBBs) and Polybrominated diphenyl ethers (PBDEs)] in Electrical & Electronic Equipment.

The Certificate does not imply assessment of the production processes/ system and does not permit the usage of EVL Logo. The applicant of the certificate is authorized to use this certificate in connection with EC Declaration of Conformity, limited to the appropriateness of the Technical Report & Documentation.

Certificate Issue Date: 21st August, 2017.

Certificate Valid till: 21st August, 2022.

Next Surveillance Due Date: 21st August, 2018.
